EDUCATION

DIT UNIVERSITY
Bachelors of Technology, Computer Science
GPA: 8.24

2019 - 2023
Dehradun

DELHI PUBLIC SCHOOL, VASANT KUNJ
12th Standard
GPA: 8.78

2019
New Delhi

EXPERIENCE

MAUKA | Frontend (ReactJS) Dev Intern — Jan, 2022 – Present

- Created my first production website using production norms & good practices.
- Worked on replicating AdobeXD designs into code - and made the website responsive for all devices.
- Integrated many REST APIs using axios & implemented other features like carousel, sliders and scrollers.
- Currently working on the admin-panel (employer's dashboard).

SKILLS

PROGRAMMING LANGUAGES	HTML5, CSS3, JavaScript, C++
LIBRARIES/FRAMEWORKS	ReactJS (JSX, Hooks, Redux), REST APIs, Material UI
TOOLS/PLATFORMS	Git, Firebase

PROJECTS

COACH-ME — Firebase, ReactJS, CSS3

- (Under development phase) - a platform which aims to bridge the gap between people who want to learn, and people who want to help.

MAUSAM | LINK — ReactJS, CSS3, JavaScript, REST APIs

- It's a weather app created in React took a lot of efforts ~ Learnt a lot.
- Open Weather API to get multiple types of results for showing weather conditions based on the user's search.
- Unsplash API for displaying unique images for search results.
- Implemented the designs to make it responsive for all devices.

REDUX-NOTES | LINK — ReactJS, Redux, JavaScript, CSS3

- Notes app made by using React & Redux which allows the user to create, display, modify and delete their notes.
- Used this app to learn Redux, and hence used Redux for state management.
- Used Firebase Authentication & Firebase Firestore (still in implementation)
- It's responsive for all devices.

HONORS & AWARDS

- First Runner-Up in a 36-hour hackathon organised for 250 students by the IEEE society, DITU.
